

## EWS-102

### CABINET LOUDSPEAKER

### FEATURES

- Extraordinary sound and music reproduction
- Classic arc shape
- Strong white ABS cover
- Wall mounting
- Compliance with international safety standards

EWS-102 is a 10W, classic cabinet loudspeaker in a beautiful arc shape design with a dimension of 240 x 345 x 100 mm. It is made of the ABS and colored white. The keyholes on the rear are convenient for user to mount it into the wall quickly and easily. The head board featuring an arc shape provides optimal sounds quality in the area. The cabinet is also dust protected which is typically used for indoor applications such as hotels, office buildings, conference rooms, factories, exhibition halls, and etc.

With a hanger on the back, user can easily mount the device on the wall. Binding post use the press-clips-wiring method which facilitates field wiring.
